

Dear Parents and Students,

It is my pleasure to share with you about our school current and future development within Newcastle Education Group (NEG).

We have four schools located in different parts of Singapore, namely Ang Mo Kio, Tampines, Hougang and Thomson, in order to serve our students and parents at their convenient locations. We plan to have a total of twelve branches at different parts of Singapore in order to meet the growing demand for placement of our students and parents.

We provide various foundation, enrichment and academic courses ranging from pre-primary, primary, secondary, junior college and tertiary levels to provide a one-stop service for our local and foreign students.

Our students from different levels have achieved excellent academic progress ranging from PSLE, GCE "N" and "O" level examinations to tertiary levels. For instance, our Primary Six PSLE top scorer has achieved 273 score. Our student has achieved the Lee Kuan Yew All Round Excellent Award in 2012. For GCE "O" level, our secondary student top scorer has achieved 8As in 2014. In tertiary education, our subsidiary arm - Newcastle School of Management (NSM) had secured the "Dual Track Program" from the Singapore's Ministry of Education (MOE) to launch this program in the government's college - Millennia Institute from 2005 to 2010. Our Diploma graduates have successfully enrolled into various local and overseas universities.

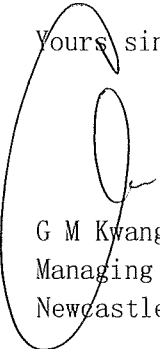

In addition, NEG has incorporated Newcastle Education Group Limited in New Zealand, Auckland City. We also provide AEIS & GCE "O" level preparatory courses for local and foreign students to sit for the Cambridge Examination.

In order to achieve all these significant projects, the Management of Newcastle Education Group has started the Management Executive Training Scheme since 2007. We have successfully built up a dedicated and professional Management team to manage our branches to meet our Schools' vision. Besides this, we have a group of MOE trained, experienced and dedicated teachers/lecturers to impart their knowledge to our students.

Last but not least, we sincerely wish to establish a long term partnership with our fellow students and parents to nurture and maximize our students' potential and talent.

Thank you.

Yours sincerely,

G M Kwang
Managing Director
Newcastle Education Group
